Hello New Preps and Families for 2021,

My name is Cathy Valkanis and I am the Prep teacher this year at Kingsbury Primary.

We are looking forward to meeting you and hopefully you are getting excited about coming to school next year.

At school, we will have lots of fun and do many different activities like writing, reading, computers, spelling, science, art. There are many other interesting things too. You will make new friends and will have a big buddy to help you settle into school. You may even know some of the year 6 students.

We also have big spaces to play like an oval, a big playground and sensory garden. You might even have a big brother or sister already at our school that can help you.

I cannot wait to meet you all soon.

Enjoy your time at kinder.

Kind regards,  
Cathy Valkanis  
Prep Classroom Teacher
