From the Principal,

Great Start

The Kingsbury team has leapt into action with a fair degree of enthusiasm at the start of what was (once again) quite an unusual start to the year. The late breaking news around the COVID arrangements may well have thrown a less adaptive group but not us. The community once again have been very supportive in letting us know about any issues and have also supported us when we have called them to pick up students. I would like to once again thank them for their efforts

Staffing News

We would like to welcome a number of staff to our team in a variety of different roles.

Firstly, welcome to Paul our new gardener. Having looked at our expenditure on grounds we identified an opportunity to employ a gardener once a week . Paul will be ensuring that:

- ▶ grass is kept in tip top shape
- ▶ the garden beds are maintained
- ▶ the trees around the boundary fences are pruned and cleared

Paul comes highly recommended and we look forward to our grounds becoming a real highlight of the school. Paul will also be able to advise our staff and students around how we can really leverage the opportunities around the kitchen garden.

Secondly, I would like to welcome Rachel Bowen to our school. Rachel is a Graduate teacher who will be working with Mrs Jap's grade and Mr McKenzie's grade. We will also be looking at Rachel providing some extension activities for our senior students in STEM subjects.

We have also welcomed some new CRT staff who will be regular features of the KPS landscape. Having people who want to be at Kingsbury, connect with our kids and are highly professional at the ready when required is invaluable.

Gardening Program

Visitors to our school would have noticed that our Kitchen Garden beds between Isurava and the main building have been weeded, mulched and are ready for the autumn planting. This is great news as we have also set up our kitchen facility in the Grade 1/2 building, so both parts of the kitchen garden program will be ready to kick off for 2022.

We will be setting up some mini green houses around the school and we will begin to move from seeds to seedlings over coming weeks. We are hoping that we can have one seedling per student and that grades can take responsibility for a specific garden bed . There is nothing better than having the kids involved in growing their own food and then having the chance to make some delicious treats to eat from it.

Phys Ed Focus

Last week we had a whole school hockey clinic on Friday that was conducted by Latrobe Hockey Club. Our grades demonstrated our School values to an outstanding degree especially with regards to their teamwork and collaboration. It was just outstanding.

Our Grade of the week this week was the Grade 5/6 class. They chose to do the very best they could in all of the tasks and they supported each other without exception. Well done to them!!!!

We also got feedback from our Art teacher, Ms Borelli who let me know that all of our classes enjoyed their art sessions and produced some very creative work.

February 18th was a great day for KPS.

But wait there's more. Following our Phys Ed session on Monday of this week, all of the Prep students were awarded blue ribbons for learning focus and learning effort. They jumped hurdles, did zig zag runs, invented games and practiced their jumps. Full energy, full effort.

**All the best

KINGSBURY OUT OF SCHOOL HOURS CARE

On a warm and sunny day last week, we had an assortment of cooling water play activities on offer. These included breaking down and melting big ice blocks to release the (toy) animals that were frozen inside, a bubbly foot spa, a trough with funnels and water wheels, and playing with reusable water bombs. Inevitably many of us got wet, but luckily a short spin in the sun dried us off pretty quickly. It was a lot of fun - so much so that we're going to do it again this week!

Having welcomed more and more children to the program, we thought it was about time to try a "getting to know you" bingo game. Before afternoon tea on Tuesday, we gathered outside and gave everyone a unique bingo card and a pencil. We all walked around, asked questions and wrote the names down of people who matched one of the 24 categories on the board, for instance "someone who has the same favourite food as you", "someone who has moved schools before" and "someone who plays an instrument". It was an enjoyable way to find out a little more about each other and further develop good communication skills.

This week we also ran a general knowledge quiz activity. Well done to Roan for getting a whopping 24 ½ points out of a possible 25! We're now asking the kids to suggest a variety of questions to help us compile another big quiz made *by kids for kids*. Roan has a good question for you - "what is a rutabaga?". Do you know the answer...?
