DET Scholarships

The Department of Education administers over 200 different student scholarship awards annually.

Applications for a range of scholarships open Sunday 1 October 2023 and close 11.59pm on Thursday, 1 February 2024

Scholarships are available to students who complete Years 4 to 12 in 2023.

Students must apply for a scholarship for the year level they undertook in 2023, e.g. a student in Year 8 in 2023 would apply for a Year 8 scholarship.

These school scholarships are for students who are studying in Victorian schools (Australia) and who are citizens or permanent residents of Australia.

Details about how to apply can be found at this link

<https://www.vic.gov.au/student-scholarships>

It gives full details about how to apply for scholarships through the website.

Events

The term ahead is a busy one with lots happening on the agenda. In particular will be our focus on the Arts which will revolve around two events.

The first of these will be our STOMP Dance Concert which will be held on November 30th at 2.30 p.m. It will be similar to last year with STOMP working with our kids for four weeks prior to the performance. The big upside to this kind of performance is that all of the students have a chance to participate in a very collaborative process. Please keep the date free if possible. It will be held in the sensory garden if the weather is good, in Isurava if it's not.

The second big event will be the Art Show which will be held in December. We will give more specifics a little further down the track on this one, but it will be a 4.00-5.30pm time with Sausage Sizzle (and yes) a Coffee Cart . We will release more detail further down the track.

As is also the tradition we will be running our swimming program in the last few weeks of term. Mr Bolton does a fine job of organising this program and once again you will soon be receiving information about that one.

HAPPY Halloween

We celebrated Halloween on Tuesday 31st October.

We had a dress up parade and then Miss Carlene set up a ghost piñata for the preps.

We all had a turn at trying to break open the piñata. It was so much fun! Thanks Miss Carlene!

It all adds up!

David and Kayan know how division and multiplication are related.

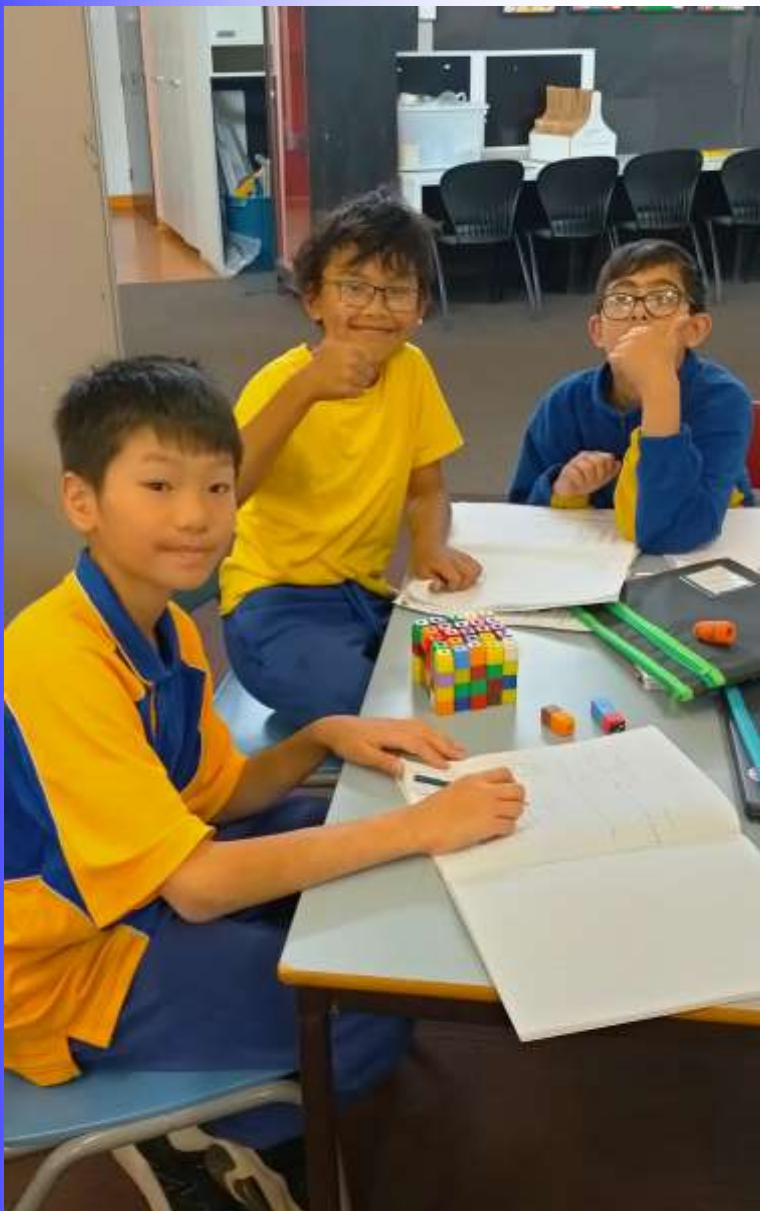

Tessa learning about arrays.

Maxine and Amelia construct an array.

Alexis and Lily explore the properties of prisms.

Oliver, Aidan and Sulayman understanding cubic numbers.

You are cordially invited to attend

JUNIOR PATHWAY

From Woolworths Cricket Blast through the Junior Cricket stage, all kids can advance their skills and discover how awesome it is to be part of a team through fun game-based activities. The stages have been developed based on academic research, testing and community feedback.

This includes consideration for physical, mental and emotional development.

Participation and progression through the stage is based on ability level, therefore the ages are indicative only. Players are encouraged to participate at a stage appropriate for them.
