***From the Principal,***

Greetings All in the Kingsbury community,

It was good to have had a month of long service leave and it is also good to be back at KPS.

I would like to take the opportunity to thank Mr Bolton for leading the school in my absence. He did a great job and it certainly felt like we didn't miss a beat during November. Thank you to Mr Bolton and the staff for taking care of business so well.

I would also like to take the opportunity to welcome Cindy Nguyen to the teaching team at Kingsbury Primary School. Cindy has experience working in schools for a number of years and her knowledge and enthusiasm impressed our selection panel. We look forward to welcoming Cindy onto the team.

**Some great things**

Over the last week or so there have been some wonderful things going on at Kingsbury Primary School.

The first of these was a superb **Dance Concert** for our whole school last Thursday. Tabitha from STOMP had run four practice sessions with all of our classes during November. During this time the kids perfected their moves and were cherry ripe for the grand finale.

They most certainly didn't disappoint as all the performances were full of energy and most importantly FUN. A big thank-you to Tabitha our dance instructor for her energy and commitment.

Whilst on the thank you band wagon we had a sensational day on Election Day. There were three things happening simultaneously.

The school hosted a traditional **sausage sizzle** at the front of the school. Despite a reserved start we quickly leapt into gear and had a very successful day. So, a big hip, hip hooray to: **Geoff, Jackie, Nigel, Silvia, Ash, Kev, Wayne, Kellie, Renee, Mark, Ebony & Rachel** for putting in the yards.

***From the Principal (continued)***

At the same time, we had a clothes swap running underneath the gazebo at the front of the school. This was the second time that we have run the CS and it was a ripping success. Lots of people brought clothes up to be swapped and an equal number filled up the big plastic bag full of all sorts of things to take home. The whole CS concept was the brainchild of Amy, one of our School Councillors who backed it up by recruiting a really strong team to make it happen.

Last but not least we had a Bake Stall being run by a group of students. Their job was to sell tasty home baked treats to the hungry masses who readily converged on them. Miraculously they sold over \$400 worth of goodies, and they are now in the process of ordering some equipment for the playground. So, a big thank you to Tianah W, Alexis, Destenee, Ivy, Chi, Ada, Zac and April for their effort and enthusiasm.

As if that wasn't enough (phew) we also treated to a morning of speeches from our Grade 6 students as they presented as part of the Speechmasters program. The topics varied enormously from Cristiano Ronaldo and Jose Paronella, to planets, global conflicts, animals and diseases. What was common was the amount of preparation that every student put into research and writing. After much deliberation the judges finally awarded the 2022 Speechmaster title to Brandon and Ivy for their presentation on Ronaldo and Jose.

**Ray White—A Little Ray of Giving**

We have once again been invited to take part in the Ray White “A Little Ray of Giving” campaign. Gifts can be left under the tree in the school office, which the team at Ray White will then distribute to those in need.

**Lastly**

We will have a special edition newsletter next Thursday as a bit of a wrap up.

***All the best  
Brett Millott  
Principal***

**We have spare supplies of RAT's if anyone needs a box.  
Please collect from the School Office.**

It's our way of saying thanks for  
supporting us in 2022!

Some of our JSC students held a cake stall on Election Day, Saturday 26th November 2022.

Yummy baked goods were kindly baked by our wonderful families.

A total of just over \$400.00 was raised

**Great job everyone!!**

## ***SMART spelling sentence of the week***

“The queen had so much fun on her holiday”.

Word of the week is queen.

We made a queen’s crown today. The word queen has the digraph ‘ee’ - 2 letters making one sound.

We made a list of ‘ee’ words.

**Great work, keep it up!**

## Frankenstein Got Married

On this day, the 31<sup>st</sup> October every year, Frankenstein gets married to a little old mean bug.

Frankenstein gets a custom suit made every year for his custom made body.

Frankenstein then every year has to go to a funeral on the 1<sup>st</sup> of November. For his wife! He was so happy to watch his wife lay in pieces because she, Miss Deaff was mean.

Ms deaf was a unusual bug. Ms Deaff had a wide body with a wide whale of a tail and massive moth like wings.

Her face was horrid. She had a thick muddy unibrow that nearly covered her deep blood red eyes. Ms Deaff had a sickening screeching voice .

She only has two legs on the left side of her body. She lost the others in world war 2. It was strange she was strong even though she was only 4 foot tall.

It was love at first sight at his old wife's funeral when he met the new wife. Ms Trick was oily like a teenager's hair. Frankenstein thought she was fantastic so he felt hopeful for her.

Her breath smelt like fresh violets and her eyes rich baby blue. Frankenstein didn't know she had tricks up her sleeve. She was perfectly rotten inside.

She stole all his power and made him believe her which almost caused him to die. Ms Trick put him in a massisve pothole but found out the pot hole was too small.

He realized that something was terribly wrong so he decided to put her in the ground next to the pound bound never to be found.

We started this week off well, getting right into a giant marble run activity on Monday morning! Aahana, Daniel and Isabella showed great problem solving and teamwork skills in connecting the pipes together and creating a stable, slanted base for them to rest on. They even thought to make a "catcher" for the bottom to prevent the marble from rolling too far away! If you're looking for a fun summer project, you could do this at home too; our pipes were made by cutting pool noodles lengthways down the middle, and we use masking tape and other bits and pieces from around the room to connect everything together.

Information is now available and bookings are open for our Summer Holiday Program! Before finishing up for the year, we'll have our annual OSHC Christmas Party Day on Wednesday the 21st of December (Vacation Care fees apply). After a break for Christmas, we'll reopen on Monday the 9th of January for three fun-filled weeks of excursions, incursions and themed days at school. We are super excited to be heading out to HOYTS, Watermarc, Keon Park Bowling, and even the new Timezone! At school we'll be visited by the Aussie Farm Animals and magician Tim Credible, who will perform an "IncrediBUBBLE" show! Please refer to the attached poster for a full run down of the program.

If you're keen for your child to attend, but have not completed an OSHC enrolment form, please get in touch as soon as possible. We'd love to see you there!
