From the Acting Principal,

Whole School Swimming Programme

The swimming program is an integral part of the curriculum and all students are expected to participate. This year, Kingsbury Primary School has received supplementary one off swimming funding from DET, which has assisted in offering this year's program at a significantly reduced cost. This event is now on your Compass portal and payment of \$17.00 per student is due by the 28th November 2022. Please

see the office if you need any assistance.

Year 6 Graduation

Invitations have been sent home via the students for the upcoming Year 6 Graduation to take place on Wednesday 14th December 2022, at the Kingsbury Bowls Club, commencing at 5.30pm. Please organise your guests as soon as possible and return all notes and money to the office by Monday 5th December.

Year 3/4 Overviews for Term 4 2022

In English, the Reading focus is on reading comprehension strategies—especially around literal and inferential comprehension, summarising and sequencing. In Writing, students will write in a variety of genres, focussing on use of paragraphs, sentence structure, appropriate vocabulary, correct punctuation and grammar as well as proof reading and editing skills. We continue with the S.M.A.R.T. spelling program, consolidating our knowledge of the four spelling rules. For Speaking and Listening, students will participate in class discussions and presentations.

In Maths, the focus will be on Place Value: count and order numbers to, from 10,000 and above, revision of fractions, as well as revising the four operations and solving worded problems. Students will use scaled instruments to measure and compare volume, capacity and temperature, compare and classify angles. They will construct data displays from given or collected data.

Prep Transition 2023

Wednesday 9th November, saw our final transition session for our new Foundation students take place. It was exciting to meet some of our new Preppies! If you know of a student who is considering our school for next year, please ask them to contact the office to organise a school tour or have an enrolment pack sent out to them.

SAUSAGE SIZZLE FUNDRAISER

The State Election will held on Saturday 26th November. We will have polling booths at school and we are hosting a sausage sizzle fundraiser on the day.

If you can provide us with an hour of your time, please pop into the school office and add your name to our roster.

These barbecues are run for the benefit of our students and to ensure we can provide quality programs and excursions.

You are cordially invited to attend

Recently around the first aid play table, some of the kids got into a conversation about snakes; what to do if you see one in the wild (stay still!), and how you would treat a snake bite if one was to occur (call 000 and wrap a bandage very tightly around the limb). Inspired by this, on Tuesday we created beautiful snakes out of salt dough. After shaping them into realistic slithering shapes, we painted them. It was interesting that, without instruction, many children painted using patterns, such as a mix of swirls and dots, that were reminiscent of traditional Aboriginal art and Dreamtime stories. As we crafted, the kids spoke about where they'll keep their snakes; some said they'll use them as a paperweight or decoration on their desks, while others said they'll keep them at the front door to ward off cats and potential robbers!

Other highlights from the past fortnight include playing lots of cricket (Thanh, Kyesha and Shaunak have demonstrated some excellent skills!), showing off ridiculous dance moves in "noodle dance tiggly" (especially Archer and Griffin), getting imaginative with magic potion making, and playing a big group game of memory tiggly!
