<i>Wednesday 26th October</i>	<i>Playgroup, 9.00am—11.00am</i>
<i>Thursday 27th October</i>	<i>Canteen open for sales</i>

From the Principal

Welcome back to Term 4 and a big thank-you to our staff, students and families for the way they have commenced the term. In this weeks edition we have some information that we would like to share about our specialist programs. Hopefully this information will give you some back ground in terms of what is happening at our school. Classroom overviews will appear in our next newsletter edition.

Traffic Survey

The Darebin Council will be working with us to make travel to and from school better and safer for our school community. They have invited families to complete a survey and have sent the link below.

Kingsbury PS Parent Survey

From the Principal (continued)

PHYS ED

Junior School PE Program October Joint Mobility exercises and stretches. Initially with standing routines and then on to floor exercises

Relays as aerobic activities

- File Relays
- Zig Zag Relay
- Potato Race
- Circle the bases relay
- Caterpillar relay
- In and Out Circle Jumps

Fundamental Motor Skill development

Hitting skills initially practice hitting using the foam hand bat and large tennis ball
Practice pat bouncing using the foam bat
Focus areas -turning sideways to target
Follow through in the direction of travel
Introduce using a hand bat as the next extension of the practice

Minor Games Application

- Tennis Racquet T-ball
- Continuous cricket

Senior School Program October

Individual Fitness stations

- Step ups
- Shuttle sprints
- Side- ways jumps
- Knee push ups
- Caterpillar relay
- In and Out Circle Jumps

Teaching Volleyball skills

Correct hand position for the set
Arm and hand position for digging
Two and one handed sets and spikes

Game Practice and Application

Balloon volleyball practice (indoor to develop communication and team work)
Teach the rotation patterns for volleyball including serve rotation
Introduce modified volleyball(Newcombe) with first catch – first hit -set catch and spike
Based on student development progress the first catch modification.

Lunchtime Activities

With the warmer weather hitting us quite nicely and the COVID rules changing, we are now able to run our lunchtime clubs again.

Last Friday we opened the batting with STEM.

Students were able to build, construct and invent using materials in our STEM ROOM.

Indonesian overview P – 6

Our unit for Term 4 will be about **animals**. Students will learn the names of Indonesian animals as well as some Australian native animals. Students will learn a popular Indonesian folk song 'Burung Kakak Tua'.

We will use the big book *Di Kebun Binatang* and *Balinese Children's Favourite Stories* to give our students an insight about Indonesian culture.

As part of an assessment task students will prepare and present a short dialog to the class about the Indonesian culture.

Visual Art—Junior school Art programme Term Four

In Art this term, we will continue our unit on a rainbow of feelings, now exploring the texture of surfaces. Students have been inspired by artwork from "The Colour Monster" book which explores a range of feelings using different colours. Students will create and describe textured surfaces in a range of artworks.

Students will...

- Experiment with making marks
- Experiment using colour with a variety of drawing and painting tools
- Mix primary colours to create secondary colours
- Make bubble prints
- Choose and use a variety of glues to join different materials

Visual Art—Senior school Art programme Term Four

In Art this term, we are exploring further printing methods and how to use various printing tools. Having made black and white engravings, students will now consider the effect of combining different colours in relief and stencil prints. Through creating a series of prints students will be encouraged to refine their designs, assess their own progress, and choose the prints that they are proud of.

Students will..

- Practise using a foam roller in print making
- Create an incised foam printing plate
- Design their own stencil
- Plan a colour scheme
- Refine their print making skills to improve their art work

Ms Annie Quail

2/14 Battalion

As part of the association with 2/14 Battalion, JSC students participated in their annual pilgrimage to the Shrine during the school holidays. Students participated in the Ceremony laying a wreath on behalf of the school.

The Students found the names of the fallen soldiers a solemn event.

Thankyou to the Parents who attended, enabling the students to participate.

Prep's learning about Living and Non-Living

On Monday the Prep's did some planting of Dwarf Bean Seeds and will watch their progress as they grow.

Another fun holiday program is done and dusted! When visiting the MCG, we learned about great Australian sportspeople, tested our skills in the games lab, and stepped onto the manicured grass that would host the Grand Final just a few days later. At ACMI, we tried out lots of rare video games (both new and old) and saw how movie-making has developed over time. Other excursion highlights included seeing newborn ducklings at Bundoora Park, chilling out with (plastic) wildlife at the mini golf course, and going to the movies.

We had all been looking forward to Kids vs Leaders Day for some time, and the day did not disappoint. The Leaders put up a good fight, especially during games of 3 vs 30 dodge ball, minute to win it and a cookie invention and advertisement challenge. Ultimately, however, we were no match for the the kids, who claimed the victory at the end of the day!

We're now almost two weeks into Term 4, and have already made delicious apple scrolls which made our room smell fantastic, created beautiful dream catchers, and played a funny new game; "noodle dance tiggly".

Outside, our new "Four Square Academy" has been helping to further develop skills in one of our favourite games. So far we're learned positioning and strategies to exhaust our opponents. In particular, Max M has participated excellently, and his new knowledge and skills have helped to improve his technique even more! Well done Max!

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
BREAKFAST	TOAST AND CEREAL	RAISIN TOAST	TOAST AND CEREAL	SCRAMBLED EGGS	TOAST AND CEREAL
AFTERNOON TEA	SUPER SAVOURY PLATTER	CHEKCN CHOW MEIN	CHILLI CON CARNE	ROAST POTATOES	BLUEBERRY MUFFINS
ACTIVITY OPTION 1	COOKING: APPLE SCROLLS	CRAFT: MAKE YOUR OWN DREAM CATCHER	COOKING: FROZEN BANANA POPS	COLLAGE: FRUITS & VEGGIES	ENVIRO-INVENTIONS
